NATIONAL SILVER FOX RABBIT CLUB 20____

NATIONAL SHOW BID FORM – PROPOSAL

Deadline for Submission (Postmark) July 31, 20____ (20____ Nationals)

HELPFUL INFORMATION FOR THOSE BIDDING FOR THE NATIONAL SILVER FOX RABBIT CLUB NATIONAL SHOW

The National Silver Fox Rabbit Club is a small National Specialty Club usually with approximately 140 members. Entries in our National Show are generally small (averaging about 75-100 rabbits). In the past few years, the largest entry was about ____ rabbits, the least was one rabbit. Please take this into consideration.

Due to the small entries, it is important that the show be as cost effective as possible. The NSFRC requests bids primarily for a location to hold its show. We have found that the most cost effective way to hold our National Show is to do all the work (*collect all entry fees, obtain all sanctions, do all paperwork, obtain awards and file all reports on our own*). A reasonable fee for the Judge and for cooping (*if applicable*) is generally what we strive for.

NSFRC Members generally raise other breeds and often, will enter rabbits in an All-Breed show held in conjunction with the National Show. The ability to enter multiple shows is a consideration but not the most important one. The NSFRC is just as likely to award a bid to a local, one-day show as it is for a State Convention show. Again, costs are the driving force behind the decision to award a bid.

The NSFRC is a rare breed in need of promotion, thus, if we can arrange it at reasonable or no cost, we would like to have booth space to promote the breed and conduct a raffle to help offset the cost of the show. In general, the entry fees collected often do not cover all the necessary costs.

NSFRC members like to gather at a local restaurant to mix and be together. A banquet hall or formal banquet would not be cost effective. A nearby restaurant, with a dining area conducive to a small group of people ordering off the menu would be preferred. If the host club conducts a banquet, perhaps NSFRC members could attend.

Some members bring campers and thus, nearby campgrounds should be listed if at all possible. Some fairgrounds offer on site camping.

The NSFRC Board of Directors will review all bid submissions and will base their decision primarily on the cost to the NSFRC and to the exhibitors who will be attending. Location and date are also important. Though we strive to hold our show in the spring and early summer, other dates are also considered.
